

## ARE YOU LOOKING FOR A HOME?

Below are some vacant lots which can be bought today for 15 to 25 per cent less than they are actually worth compared with what lots sold for adjoining these.

### COLONIAL HEIGHTS.

On Seventh street you can buy lots 40x120 feet today for \$650 to \$800. Where can you beat it?

### SMITH ADDITION.

Four vacant lots fronting 37 feet each on Virginia Street, cement sidewalks, water, sewerage and gas \$2,100 to \$2,300. Easy payments.

### PARR ADDITION.

The most beautiful residence addition in the city. Four lots sold in this addition yesterday. If you don't get busy and buy one or more of these lots you will miss one of the best bargains in the city. If you have a little money and want to own a good inside lot you can do it, for a little money will go a long ways in owning a real home building lot.

Now all of these additions are on and near Hornor avenue and no better location in the city.

Three lots sold in Colonial Heights in the past few days, one house commenced and the plans drawn for the other two.

Houses will be built at once on the four lots sold in the Parr Addition.

I could rent 25 houses within the next week if they were to be had. Applications constantly coming in for houses "close in."

Think this over. Come to my office and talk it over with me.

### THE CURRENT MAGAZINES

Forty features are advertised for the May number of the Ladies' World and the announcement may well be qualified with the adjective "good." Among the many articles by noted contributors are "The Way He Felt about It" by Mary Stewart Cutting, "The Make Believe Motor Car" by Donald Hamilton Haines, "Mentessori Aunt" by Helen Churchill Candee, "One Wonderful Night" by Louis Tracy, "It Takes Two to Make a Quarrel" by Lillian Ducey, "The Time of Her Life" by Wakeleigh Rhodes and "A Food Campaign in Your Town" by Lewis A. Allen, the food editor. It is a big, fine number all the way through. Departments devoted to fashion and cookery are exceptionally interesting.

The waste heat of a new German gas engine is used to raise steam to operate blowers, which in turn increases the pressure of air gas mixture in the engine's cylinders.

## AVIS'S RESOLUTION BASIS OF ACTION

Finally Taken by the Congress in Passing on Wilson's Request for Approval.

(SPECIAL TO THE TELEGRAM)

WASHINGTON, D. C., April 23.—It will interest West Virginians to learn that the objections to the administration's joint "war" resolution because it made the declaration such a personal and individual one against Huerta, were compressed into concise expression and brief form by Representative S. B. Avis, of the Third district. It was offered in the form of a substitute and, although rejected, the Senate committee on foreign relations used it substantially as the basis for the change it made in the House resolution before it reported it to the Senate.

While the substitute was offered by Representative Gardner, its author was Captain Avis. It was as follows: "Resolved, etc., That a situation has arisen with respect to our relations with certain persons in Mexico under which it may be necessary for the president to employ the armed forces of the United States of America to maintain the dignity of and respect for the flag of the United States, and such employment of armed forces within the limits of his constitutional powers is hereby approved."

The above was offered for the following, which in the end passed:

"Resolved, etc., That the president of the United States is justified in the employment of armed forces of the United States to enforce the demands made upon Victoriano Huerta for unequivocal amenity to the government of the United States for affronts and indignities committed against this government by General Huerta and his representatives."

His substitute failing, Representative Avis voted for the resolution, although firmly believing that it should be differently worded. Representatives Sutherland, Neely and Brown also voted for it. Messrs. Moss and Hughes were not present, being out of the city and unable to reach here in time to vote.

Experienced Women Advise Mother's Friend

Because it is so perfectly safe to use and has been of such great help to a great many expectant mothers, these women, experienced in this most happy period, advise the use of "Mother's Friend." Applied externally to the abdominal muscles its purpose is to relieve the undue tension upon the cords and ligaments resulting from muscular expansion. Beneath the surface is a network of fine nerve threads and the gentle, soothing embrocation, "Mother's Friend," is designed to so lubricate the muscular fibres as to avoid the unnecessary and continuous nagging upon this myriad of nerves. It is a reflex action.

Applied to the breast it affords the proper massage to prevent caking. Thousands of women have reason to believe in this splendid help under the trying ordeal of motherhood. Their letters are eloquent evidence of its great value to women. In use for many years it has come to be a standard remedy for the purpose.

There is scarcely a well-stocked drug store anywhere but what you can easily obtain a bottle of "Mother's Friend" and in nearly every town and village is a grandma who herself used it in earlier years. Expectant mothers are urged to try this splendid assistant to comfort. "Mother's Friend" is prepared by Brudfield Regulator Co., 410 Lamar Bldg., Atlanta, Ga. Send for our little book.

required to furnish bonds of \$100 each to keep the peace for six months. Wednesday night in Justice T. G. Nicewarner's court when one was tried on a peace warrant issued at the instance of the other. The case grew out of a neighborhood quarrel over a flock of chickens. Each was required to pay half the costs.

## BOOTH IN BAD

Caught with a Young Girl at Fairmont and is Arrested and Fined.

FAIRMONT, April 23.—Humane Officer Charles Bartholow and Constable W. R. Riggs, yesterday arrested Ruby Stout, a sixteen-year-old Clarksburg, on a charge of adultery. They were taken before Justice Fleming, found guilty and fined \$20 and costs. Booth paid the fines of both, amounting to \$47. The girl was then taken in charge by the humane society, and Officer Bartholow left on train No. 55 last evening with her to put her in the Home of the Good Shepherd at Wheeling. Booth returned to Clarksburg.

Booth is a married man and about middle aged. It is claimed he deserted his wife and eloped to this city with the Stout girl Monday. They spent Monday night at one hotel here and Tuesday night registered at another as E. M. Stout and wife. Yesterday the couple were arrested, confessed to the charge against them and were fined. It is said the girl was formerly at the Wheeling home but was released on parole. She lived with her mother in Clarksburg until coming here with Booth. It is said she had come here on previous occasions with men. The girl was very stylishly dressed and was of an attractive appearance.

## NO BRANCH

Reserve Bank is to Be Established East of the Mississippi River is Report.

(SPECIAL TO THE TELEGRAM)

WASHINGTON, D. C., April 23.—A report that there will be no branch reserve banks established east of the Mississippi river is very generally believed here. The reason given is that the regional banks in the east are sufficiently central to territory they serve to be sufficiently convenient for all the business required by the new banking laws. The intention is, so the report has it, to establish what branch banks are required in the region east of the Mississippi extending clear to the coast. It is claimed that that section is so vast that the regional banks which have been allotted it are not close enough together to fulfill the needs of the great stretch of country. If this is the plan of the bank organization committee, and it is carried out, it blasts the ambitions of Huntington, Charleston, Parkersburg and Fairmont each of which is making a hard fight to get a branch bank of the regional bank at Richmond.

## PENSION

Increase Bill is Introduced in the House by Congressman Sutherland.

(SPECIAL TO THE TELEGRAM)

WASHINGTON, D. C., April 23.—A bill to grant an increased pension to Sylvanus Davis, of Clarksburg, has been introduced in the House by Representative Sutherland. He also today filed in the House a petition, bearing the signatures of over 100 citizens of Grant county, favoring the passage of a national prohibition amendment.

A postoffice recently established upon request of Representative Brown in Preston county and named Burk has been rechristened Taylor. It was found that there was already an office in that county called Burk, but with an "e" on the end of it. Hence the change.
